

Expression of Interest – Business Continuity, Crisis Management and Incident Management Professionals

Description

Join RiskLogic – Expression of interest for skilled Resilience Professionals wanting to make the move and work for an organisation that makes a real difference in our communities. Be a part of the journey!

- Manage a diverse range of clients across multiple industries
- Position yourself with a market leader in crisis management, incident and business continuity
- Do you have operational experience and want to make the move into consulting?

We at RiskLogic, are always keen to hear from motivated and results driven Resilience professionals who are interested in working for an organisation that is just as passionate about their people as they are all things Resilience!

Our vision is to work with inspired people to build meaningful organisations that contribute to a better tomorrow. At RiskLogic we do this every day by empowering people to successfully navigate the worst of situations, events like cyber-attacks, terrorism, physical disasters, health epidemics to name a few. With the right tools, training and experience we help people safeguard what's important to them, helping to build a more Resilient Future.

RiskLogic is a market leading consulting and technology company that works with corporate, not-for-profit and government clients throughout Australia, New Zealand and South-East Asia. Our team makes a tangible difference to our clients and their success in a constantly changing threat environment.

To support our busy Sydney and Melbourne offices, we are seeking experienced Resilience Specialists who comes with deep understanding and passion for crisis management and business continuity or related disciplines preferably gained in private, public or operational sector. These roles are key roles with tremendous scope to make a real impact.

Responsibilities

- Work to set client deliverables and provide guidance on responding to major incident and business disruptions, develop safeguards against these interruptions and implement recovery procedures across crisis management, incident management and business continuity.
- Develop, design and facilitate scenario and training exercises for a diverse range of clients and industry sectors.
- Identify and secure new business opportunities.
- Build and maintain strong client relationships across multiple industries.
- Assist with building local strategic alliances and partnerships.
- Contribute to ongoing quality management and continuous improvement activities.
- Collaborate with other internal divisions to provide integrated client outcomes, i.e. business continuity, crisis management, cyber security and technology solutions.
- Be in a position to service clients across Australia, including the
